### **Personal DVD of your Hunt**

My wife Natalia films most of the Bear and Goat hunts with professional equipment. Most hunters will receive their own personal 15-20 minute DVD with the highlights of their hunt including kill shot. These DVD's are fully edited with sound and are of high quality. Natalia does this as a hobby so the DVD's are a courtesy of hers and free of charge.

### **Trophy Care**

We take great care in preparing the hides and skulls in a professional manner. Ears, eyes, lips, paws or hooves will be turned, salted and re-salted before boxing hides in waxed leakproof seafood boxes. We arrange sealing the hides and skulls with ADF&G. You can either take your trophies home as luggage or FedEx them same day air to your choice of location at your expense.

vessel estimated cost for Brown Bear hunters are \$150-200 and for Mountain Goat hunters \$250-300. You pay the charter service directly by cash or credit card.

### **Air Travel to Juneau**

Alaska Air line is our year round carrier into Juneau. Delta also operates during the summer month. Juneau can be reached either through Seattle or Anchorage. I would recommend to arrive in Juneau one day before your hunt to make sure your luggage kept up with you especially on hunts when you are scheduled to fly out to us on a charter flight. Weather can be a factor affecting flight schedules especially on goat hunts. I recommend you purchase flexible tickets and purchase travel insurance to protect your investment.
